#### 1. Qualitative Information on Quarterly Financial Results for the Period under Review

### (1) Explanation of Operating Results

During the six months ended June 30, 2021, the tourism industry was still severely affected by the spread of COVID-19, and the Group continued to face a difficult business environment.

In the midst of the intermittent declarations of State of Emergency, the Group placed the highest priority on the safety and security of its customers and employees in accordance with its Environmental Hygiene Policy established independently, continued operations without suspending facilities, and steadily implemented its business plan (2021-2025). In the first quarter (January to March) of the fiscal year ending December 31, 2021, although net sales decreased significantly by ¥5,501 million year on year, sales for the six months ended June 30, 2021 decreased only by ¥686 million year on year as a result of focusing on capturing new needs. In addition, fixed operating costs were reduced due to progress in cost reduction, and operating profit for the six months ended June 30, 2021 improved by ¥2,388 million in actual terms year on year (in the six months ended June 30, 2020, fixed costs during the suspension of operations were transferred to extraordinary losses, and therefore the comparison is with the results before the transfer).

As a result, net sales for the entire Group decreased by ¥686 million year on year to ¥11,928 million. Operating loss improved by ¥99 million year on year to ¥10,056 million, and ordinary loss deteriorated by ¥80 million year on year to ¥10,344 million. Profit attributable to owners of parent increased by ¥32,797 million year on year to ¥19,400 million as a result of recording extraordinary income from the sale of assets and the Employment Adjustment Subsidy.

An overview of business results is as follows.

In the WHG Business, while occupancy rates were sluggish mainly in the Tokyo metropolitan area due to the impact of declining demand for accommodation, we developed measures such as sales of teleworking plans and long-term stay plans. At the same time, as part of our efforts to promote structural reforms, we have been promoting the establishment of an effective and efficient chain organization structure by consolidating sales operations functions into the headquarters. In the wedding business of the Luxury & Banquet Business, net sales increased by \(\frac{\pmathbf{1}}{1},529\) million year on year, including the implementation of weddings postponed from 2020, and net sales recovered to about 66% of the 2019 level. In the accommodation business, as a result of the improvement in both occupancy rate and ADR, net sales increased by \(\frac{\pmathbf{2}}{2}48\) million year on year, and the net sales for the entire segment increased by \(\frac{\pmathbf{1}}{1},727\) million year on year, while the operating loss improved by \(\frac{\pmathbf{1}}{2},229\) million. After more than 60 years of

patronage, Taiko-En closed its doors on June 30, 2021. In the Resort Business, at Hakone Kowakien Ten-yu, the weekend occupancy rate in the second quarter (April to June) was on a recovery trend, and the accommodation business recorded a year on year increase of \mathbb{\xi}173 million.

In addition, in line with the business plan, we are promoting initiatives to increase added value with an eye to the post-pandemic period, and we will continue to strengthen our branding by taking advantage of the characteristics of each facility.

#### (2) Explanation of Financial Position

#### 1) Assets, liabilities and net assets

Total assets as of June 30, 2021 increased by \$15,125 million from the end of the previous fiscal year to \$111,721 million, mainly due to an increase of \$29,240 million in cash and deposits, despite a decrease of \$11,815 million in non-current assets due to the sale of assets. Liabilities decreased by \$4,139 million from the end of the previous fiscal year to \$91,109 million, mainly due to decreases of \$1,686 million in provisions and \$3,114 million in retirement benefit liability resulting from the implementation of early voluntary retirement. Net assets increased by \$19,264 million from the end of the previous fiscal year to \$20,611 million, mainly due to an increase in retained earnings of \$19,040 million resulting from the sale of assets.

#### 2) Cash flows

Cash and cash equivalents as of June 30, 2021 amounted to \(\frac{\pmathbf{x}}{32}\),936 million, up \(\frac{\pmathbf{x}}{29}\),238 million from the end of the previous fiscal year.

#### i) Cash flows from operating activities

Net cash used in operating activities was ¥10,836 million (an increase of ¥136 million compared with the same period of the previous fiscal year). This was mainly due to recording of an operating loss and a decrease in provisions associated with the implementation of early voluntary retirement.

#### ii) Cash flows from investing activities

Net cash provided by investing activities was \(\frac{\pmathbf{42,738}}{42,738}\) million (an increase of \(\frac{\pmathbf{44,744}}{44,744}\) million compared with the same period of the previous fiscal year). This was mainly due to the proceeds from sales of non-current assets of \(\frac{\pmathbf{39,051}}{39,051}\) million.

#### iii) Cash flows from financing activities

Net cash used in financing activities was \(\frac{\text{\$\text{\$\gentrm{\$\gentrm{\gentrm{2}}}}}{2,673}\) million (a decrease in cash inflows of \(\frac{\text{\$\gentrm{\$\gentrm{2}}}}{2,778}\) million compared with the same period of the previous fiscal year). This was mainly due to repayments of borrowings.

#### (3) Explanation of Consolidated Financial Results Forecast and Other Forward-looking Information

Although vaccine development and inoculation are being promoted, there are still no prospects for controlling COVID-19. As of August 12, a State of Emergency has been declared in areas including Tokyo and the effects are expected to continue. Under these circumstances, we are striving to steadily implement our business plan, and we are also making efforts to increase added value with an eye to the post-pandemic period. However, due to the uncertain outlook at this time and the difficulty in rationally calculating forecast for the financial results, the consolidated financial results forecast for the fiscal year ending December 31, 2021 continues to be undetermined. The Company will disclose the forecast immediately when it becomes possible.

#### (4) Risks Related to Business

As a result of the impact of COVID-19, net sales have declined substantially due to the continued decline in Japanese and international tourism and business demand, as well as the postponement and cancellation of weddings and banquets. At this point in time, we believe that conditions exist that may cast significant doubt on the going concern assumption.

Moreover, the Group's financial results may suffer an even greater impact in the event that COVID 19 is not brought under control, and domestic and international economies are subject to a prolonged slowdown, due to factors such as people refraining from leaving home.

In these conditions, the Group has implemented-cost cutting initiatives, including reductions in officers' remuneration and employee salaries, rent reduction negotiations, etc., and built a structure that ensures business funding, based on a funding plan that includes the sale of investment securities and non-current assets, that assumes the prolonged impact. We have determined that no material uncertainty exists regarding the going concern assumption, based on the continued implementation of these countermeasures.
